DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/21/06 has been entered.

112 Rejections Withdrawn

The rejection of claims 1-29, 98-105 and 122-127 under 35 USC 112, second paragraph, maintained in the Final Rejection, has been overcome by applicant's amendment. All claims are now drawn explicitly to a composition.

102 Rejections Withdrawn

The rejection of claims 1-29, 98-105 and 122-127 under 35 USC 102(b), maintained in the Final Rejection, has been overcome by applicant's amendment. All claims are now drawn explicitly to a composition.

Allowable Subject Matter

The subject matter of all pending claims has been searched and is deemed free of the prior art.

Claims 1-29, 98-105 and 122-127 are allowed. The following is an examiner's statement of reasons for allowance:

The closest prior art remains the prior art of record (in the 102 rejection). All claims are now drawn explicitly to a composition, however. The cited prior art neither teaches nor suggests the instant composition. Nor would it have been obvious to one of ordinary skill in the art at the time of the invention to modify the teachings of the prior art in order to arrive at those of the instant invention. There is no motivation to do so.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
